

## FortiFi Florida Eligible Improvements

| Product                                   | Category             | Maximum Term |
|---|----------------------|--------------|
| Advanced Energy Storage Systems           | Alternative Energy   | 10           |
| Co-generation System                      | Alternative Energy   | 20           |
| Electric Vehicle Charging Station         | Alternative Energy   | 10           |
| Fuel Cell Power System, Stationary PACE   | Alternative Energy   | 10           |
| Standby Generator                         | Alternative Energy   | 20           |
| Wind Turbine                              | Alternative Energy   | 20           |
| Air Sealing                               | Building Envelope    | 20           |
| Electrical Panel Upgrade                  | Building Envelope    | 30           |
| Electrical Wiring Modernization           | Building Envelope    | 30           |
| Energy Efficient Reflective Coating       | Building Envelope    | 20           |
| Insulation, Attic                         | Building Envelope    | 30           |
| Insulating Carpet & Padding               | Building Envelope    | 10           |
| Insulation, Hot Water Pipe                | Building Envelope    | 30           |
| Insulation, Siding                        | Building Envelope    | 20           |
| Insulation, Under Floor                   | Building Envelope    | 30           |
| Insulation, Wall                          | Building Envelope    | 30           |
| Radiant Barrier                           | Building Envelope    | 20           |
| Weather Stripping                         | Building Envelope    | 20           |
| Central HVAC                              | Heating & Air (HVAC) | 20           |
| Air Conditioner, Central w/Zone Control   | Heating & Air (HVAC) | 20           |
| Air Conditioner, Mini-Split               | Heating & Air (HVAC) | 20           |
| Air Conditioner, Packaged Terminal (PTAC) | Heating & Air (HVAC) | 20           |
| Biomass/Pellet Wood Stove                 | Heating & Air (HVAC) | 20           |
| Ceiling Fan                               | Heating & Air (HVAC) | 20           |
| Duct Replacement                          | Heating & Air (HVAC) | 30           |
| Duct Sealing                              | Heating & Air (HVAC) | 20           |

## FortiFi Florida Eligible Improvements

| Product   | Category                        | Maximum Term |
|---|---------------------------------|--------------|
| Energy Efficient Air Purifier (built-in)  | Heating & Air (HVAC)            | 20           |
| Energy Efficient Gas Boiler System  | Heating & Air (HVAC)            | 30           |
| Evaporative Cooler  | Heating & Air (HVAC)            | 20           |
| Fan, Whole House  | Heating & Air (HVAC)            | 20           |
| Furnace   | Heating & Air (HVAC)            | 20           |
| Heat Pump, Condensing Component   | Heating & Air (HVAC)            | 15           |
| Heat Pump, Geothermal   | Heating & Air (HVAC)            | 20           |
| Hydronic Radiant Heating System   | Heating & Air (HVAC)            | 20           |
| Ventilator, Heat/Energy Recovery  | Heating & Air (HVAC)            | 25           |
| Ventilator Fixture, Exhaust   | Heating & Air (HVAC)            | 25           |
| Ventilation Fixture, Attic  | Heating & Air (HVAC)            | 25           |
| Hot Water System Controller   | Energy Efficient Water Heating  | 15           |
| Smart Recirculating Hot Water System  | Energy Efficient Water Heating  | 20           |
| Water Heater, Storage<br>(only eligible if replacing less efficient heater)                   | Energy Efficient Water Heating  | 15           |
| Water Heater, Storage with Filtration<br>(only eligible if replacing less efficient heater)   | Energy Efficient Water Heating  | 15           |
| Water Heater, Tank-less<br>(only eligible if replacing less efficient heater)                 | Energy Efficient Water Heating  | 20           |
| Water Heater, Tank-less with Filtration<br>(only eligible if replacing less efficient heater) | Energy Efficient Water Heating  | 20           |
| LED Lighting Fixture, Indoor  | Energy Efficient Lighting       | 20           |
| LED Lighting Fixture, Outdoor   | Energy Efficient Lighting       | 20           |
| Lighting Control System   | Energy Efficient Lighting       | 20           |
| Automatic Pool Cover<br>(must replace existing equipment)                                     | Energy Efficient Pool Equipment | 20           |
| Electric Heat Pump Pool Heater<br>(must replace less efficient heater)                        | Energy Efficient Pool Equipment | 20           |

## FortiFi Florida Eligible Improvements

| Product  | Category                        | Maximum Term         |
|--|---------------------------------|----------------------|
| Gas Pool Heater<br>(must replace less efficient heater)  | Energy Efficient Pool Equipment | 20                   |
| Pool Pump and Motor<br>(must replace existing equipment) | Energy Efficient Pool Equipment | 20                   |
| Additional building openings to provide natural light    | Windows Doors Skylights         | 20                   |
| Awning, Exterior   | Windows Doors Skylights         | 10 Fabric / 20 Metal |
| Awning, Retractable Exterior                             | Windows Doors Skylights         | 10                   |
| Door, Energy Efficient Exterior                          | Windows Doors Skylights         | 30                   |
| Door, Energy Efficient Exterior                          | Windows Doors Skylights         | 30                   |
| Glass Doors – French                                     | Windows Doors Skylights         | 30                   |
| Glass Doors – Sliding                                    | Windows Doors Skylights         | 30                   |
| Light Tubes  | Windows Doors Skylights         | 20                   |
| Patio Covers   | Windows Doors Skylights         | 20                   |
| Shutter, Exterior  | Windows Doors Skylights         | 20                   |
| Skylights  | Windows Doors Skylights         | 30                   |
| Windows  | Windows Doors Skylights         | 30                   |
| Window Film  | Windows Doors Skylights         | 10                   |
| Window & Door Blinds, Interior                           | Windows Doors Skylights         | 20                   |
| Window & Door Shutters, Interior                         | Windows Doors Skylights         | 20                   |
| Cable Hold-downs   | Wind Resistance                 | 20                   |
| Foundation Strengthening                                 | Wind Resistance                 | 20                   |
| Gable-end Bracing  | Wind Resistance                 | 20                   |
| Opening Garage Doors                                     | Wind Resistance                 | 20                   |
| Roof Deck Attachment Strengthening                       | Wind Resistance                 | 20                   |
| Roof-to-wall Reinforcement                               | Wind Resistance                 | 30                   |
| Secondary Water Barrier                                  | Wind Resistance                 | 30                   |

## FortiFi Florida Eligible Improvements

| Product  | Category        | Maximum Term |
|--|-----------------|--------------|
| Sill Plate Attachment Strengthening  | Wind Resistance | 30           |
| Wind Resistant Roofing Asphalt Shingles  | Wind Resistance | 30           |
| Wind Resistant Roofing Modified Bitumen  | Wind Resistance | 30           |
| Wind Resistant Roofing Membrane/TPO  | Wind Resistance | 30           |
| Wind Resistant Roofing Applied Coating/Foam  | Wind Resistance | 30           |
| Wind Resistant Roofing Metal Roof  | Wind Resistance | 30           |
| Wind Resistant Roofing Clay/Concrete Tile  | Wind Resistance | 30           |
| Wind Resistant Roofing Built up Roof   | Wind Resistance | 30           |
| Wind Resistant Roofing Wood Shake  | Wind Resistance | 30           |
| Wind Resistant Roofing Polyurethane<br>(closed cell)                                 | Wind Resistance | 30           |
| Wind Resistant Roofing Shingles  | Wind Resistance | 30           |
| Wind Resistant Roofing Flat Roof   | Wind Resistance | 30           |
| High-impact Windows  | Wind Resistance | 30           |
| High-impact Doors  | Wind Resistance | 30           |
| High-impact Doors French   | Wind Resistance | 30           |
| High-impact Doors Sliding  | Wind Resistance | 30           |
| Storm Shutters   | Wind Resistance | 20           |
| Gutters  | Wind Resistance | 30           |
| Solar PV System<br>(Must include panel upgrade; roof repairs associated with system) | Solar           | 30           |
| Solar Pool Heating<br>(Only eligible if replacing existing equipment)                | Solar           | 20           |
| Solar Water Heating<br>(Only eligible if replacing existing equipment)               | Solar           | 20           |
| Solar Water Treatment  | Solar           | 20           |
